A Journal of Onomastics

TOPONYMS AND LITERARYSCAPES

Although toponyms are often taken for granted in our daily lives, they carry considerable potential for acquiring personal and social meanings depending on their contexts and co-texts of use. These multi-layered meanings are often utilized by authors as literary resources for evoking associations or invoking evaluative positioning. Papers accepted for this special issue will explore how the meanings of place-names—be they real or fictional—may be effectively harnessed to shape literary settings within specific works or by specific authors. Examples of themes that can be addressed include—but are not limited to—toponyms choice/invention and their connotations; toponyms in translation; toponyms in literary theory; and toponyms and intertextuality.

Proposal Submission Process:

1. Abstracts proposals (max. 500 words) should be sent as an email attachment (PDF format) to Vice President, Dr. Luisa Caiazzo (luisa.caiazzo@unibas.it). Proposals should include a preliminary list of references.
