

Invitation to Apply for the American Name Society's Emerging Scholar Award

In 2007, the American Name Society established the ANS Emerging Scholar Award (ANSESA) to recognize the outstanding scholarship of an early career onomastics researcher. This special distinction is given to a new scholar whose work is judged by a panel of onomastic researchers to be of superior academic quality. This year's selection committee is made up of Dr. Jan Tent, the 2022 ANSESA Committee Chair; Dr. Dorothy Dodge Robbins; and Dr. Andreas Gavrielatos.

Recipients of this prestigious award receive the following:

- a cash prize of \$250 US dollars
- one year of membership in the ANS
- public announcements on the NAMES and ANS websites
- a profile in the ANS newsletter, to be written by the Chair of the ANSESA Committee

Award recipients are encouraged to submit their manuscripts for publication in NAMES. The Selection Committee reserves the right to refrain from giving this award in those years in which no submission is deemed to have met the below-mentioned requirements.

Application Guidelines

To be considered for this award, applicants must submit the full text of their paper by midnight (E.S.T.), the 15th of October 2022, to this year's ANSESA Chair, Dr. Jan Tent (<jan.tent@mq.edu.au>). Submissions must be sent as an email attachment in either a .doc or .docx format. For ease of processing, **please be sure to include the keyword "ESA2022" in the subject line of your email.**

Submission Requirements

All submissions must be prepared according to the guidelines provided at <<https://ans-names.pitt.edu/ans/guidelines>>. Authors must use the formatting rules listed in the official Style Sheet of NAMES, the journal of the American Name Society. The Style Sheet is available at the journal website: <<https://ans-names.pitt.edu/ans/StyleSheet>>. Submissions will not only be judged upon the quality of the writing and the scientific merit of the submission presented, but also on their adherence to these formatting regulations. **NOTE:** The main text should be no more than 5,000 words, excluding the endnotes, bibliography, graphics, and any supplementary material.

Eligibility Requirements

To be eligible for the ANSESA, applicants must be an entry-level professional, an untenured academic, or a student. Applicants must have had their single-authored abstract accepted for presentation at the ANS annual conference and be a member of the ANS. Previously published papers are not eligible for consideration. However, papers based on unpublished theses or dissertations are eligible. The ANSESA Selection Committee will judge all submissions for their methodological soundness, innovation, and potential contribution to the field of onomastics. Although past recipients of the ANSESA are eligible to re-apply for an entirely new piece of scholarship, preference may be given to first-time applicants. Please direct questions to this year's ANSESA Committee Chair Dr. Jan Tent (<jan.tent@mq.edu.au>).
